

**Job Title: Office Manager/Administrative Assistant**

**Company Overview and Position Summary:** MAD Scientist Associates, LLC is a full-service ecological and wetland consulting firm. MAD provides clients with a high level of expertise in wetland science, ecological site characterization, wetland and stream restoration, permitting, and environmental impact assessment. We deliver accurate, complete, and timely data that can streamline the environmental compliance process and allow clients to make better-informed and more sustainable land use decisions. We develop innovative, site-appropriate restoration designs, including construction and planting plans, and also offer related support services such as construction oversight, planting, monitoring and invasive species management.

MAD Scientist Associates staff members strive to *Make A Difference* through use of good science, attentive customer service, and effective communication and public education. Our goal is to help our clients enhance the communities in which they do business. We are seeking to hire a highly-motivated and energetic person to serve as an **Office Manager/Administrative Assistant**. In this role, you will support the CEO and project management staff by performing a variety of assignments, including office administration, reporting, research, invoicing, onboarding tasks, and event planning. You will also collaborate with staff to support marketing, human resources, and provide accounting/payroll functions in a respectful team environment and be involved with many areas of our growing consulting firm. This position is currently a part-time position (10-20 hours per week), but it could grow into a full-time position over time. You can gain greater insights into our company culture by reviewing our [core values](#) and learn more about our services [here](#).
